

K-LOVE radio is very important to me. I listen to this station daily for spiritual uplifting. I feel that it provides a great service to our community. It gives an alternate to secular radio for those that are looking for something with meaning, purpose, and fulfillment. It brings our community closer together. I would be totally lost without K-LOVE in my region. I have many friends and family that would be devastated too. We need to continue to have K-LOVE so that we can keep in contact with other Christians and Christian events. I feel that K-LOVE's service is a wonderful asset to our local community. There are no other channels on FM that I can tune into EVERY DAY, ALL DAY where I can get wholesome entertainment. Please, do not take this service away! It is valued immensely by me and many others in my area. Thank you for your time.
